City of Anniston, Alabama
Community Development Block Grant – Public Facilities
FY 2017 Application Instructions

PLEASE READ INSTRUCTIONS CAREFULLY

INTRODUCTION

The United States Department of Housing and Urban Development (HUD) provides communities with resources to address a wide range of unique community development and housing needs through the Community Development Block (CDBG) Program. The CDBG program provides annual grants, on a formula basis to Entitlement Communities, as a means to support viable communities by providing decent housing, a suitable living environment, and opportunities to expand economic opportunities, principally for low- and moderate-income persons.

The CDBG Program has three national objectives:

- Provide a direct benefit(s) to low-to moderate-income households;
- Prevent or eliminate slums or blight; and/or
- Address an urgent need or problem within the community (usually natural disasters).

The City of Anniston invites local agencies and government entities to submit CDBG applications for the Program Year beginning October 1, 2017 through September 30, 2018.

A Selection Committee will review all applications for compliance with minimum requirements and make funding recommendations for approval by the City Manager, Mayor and Council of the City of Anniston.

Incomplete Applications will not be considered for funding. Please complete all sections of the applications and provide all requested documentation.

Applications must be submitted using the WORD fillable application format.

FY 2017 applications may be used by the City of Anniston to award prior year CDBG Program funds, if available.

AVAILABLE FUNDING

The CDBG Program, administered by the U.S. Department of Housing and Urban Development (HUD), is authorized under Title I of the Housing and Community Development Act of 1974, as amended, and regulatory compliance requirements are governed primarily by the following:

- Title I of the Housing & Community Development Act of 1974, as amended.
- Title 24 of the Code of Federal Regulations, Part 570 (24 CFR 570).
- Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200).

The City of Anniston receives CDBG funds annually based on a Federal funding formula. The City's receipt of funds is contingent upon the availability of HUD funding for the CDBG program. Funding is subject to availability and there is no guarantee that any funds will be available for local allocation.

Submission of an application does not guarantee funding, nor does the receipt of funds in prior years guarantee or increase the likelihood of receiving FY 2017 funds. Costs associated with the preparation of this application shall be the responsibility of the applicant and may not be paid from any CDBG funds awarded to the applicant organization by the City of Anniston. After applications are received by the submission deadline, they will become the property of the City of Anniston.

The CDBG Program is administered by the City of Anniston Community Development Department.

ELIGIBILITY REQUIREMENTS

- a. The Application must be submitted by, or on behalf of, a nonprofit agency, public agency or governmental entity, requesting CDBG funds to undertake eligible costs and activities.
- b. A minimum of 51% of total persons assisted through CDBG Public Facilities must be members of households with incomes from all household members that do not exceed HUD-established maximum income requirements. All proposed projects must serve households with incomes at or below 80% of Area Median Income (See Attachment "A" HUD Income Guidelines). All persons who are served with CDBG-assisted projects/programs must be residents of the City of Anniston.
- c. Proposed projects must address the program priorities outlined in the Program Priorities section of this Application.
- d. All proposed projects must serve one or more of these target populations (low-income persons or households, abused/neglected children, abused spouses, adults with severe disabilities, elderly, homeless persons, illiterate adults, migrant farm workers, persons living with AIDS).

FY 2017 CDBG PROGRAM PRIORITIES

The Consolidated Plan 2013-2017 established strategic priorities as a product of extensive consultation with community stakeholders, combined with data from the U.S. Census and other sources, which indicate specific housing and community development needs in City of Anniston. Combined with a needs assessment survey, under the Citizen Participation Plan, the City of Anniston identified the following strategic priorities to address with CDBG and HOME funds in conjunction with leveraging other public and private investments.

The priorities are based on the needs assessment, market analysis and public comments received. The City will focus its priorities on the types of projects and programs having long term impacts on low to moderate-income residents, and help address other federal, state and local priorities, such as fair housing choice and sustainability.

Proposed activities must address one or more of the priority needs listed below.

1. Improve Public Facilities and/or Infrastructure

4.1 Construct New Public Facilities and Infrastructure.

4.2 Acquire/Improve Existing Deteriorated Public Facilities and Infrastructure

REQUIRED APPLICATION CONTENTS

The following information is required in each application and should be organized and submitted within tabbed and labeled portions of the application submission, as follows:

Tab A. Cover Sheet

Authorization for the submission of the application.

Tab B. Application Submission Requirements

A checklist of submission requirements and required documentation.

Tab C. Project Details

This section should include all the details about the proposed project, including information about the Applicant, project description, project type, project location, project implementation schedule and major activities, and proposed project achievements.

Tab D. Beneficiaries

This section includes information about the area and population to be served, including the method to determine income eligibility of clients to be served, and environmental impacts.

A description must be provided detailing how household size and income will be documented to verify that at least 51% of clientele are persons whose total household income from all adult household members does not exceed HUD's low to moderate-income limits for the Anniston-Oxford Metropolitan Statistical Area.

Program Need: This section should identify the need or problem to be addressed by the proposed project. Also, this section should include methods used to identify the needs. Include specifics as to documentation used and/or meetings held to assess the needs.

Tab E. Goals and Objectives

National Objectives: National Objectives established by the U.S. Department of Housing and Urban Development (HUD) require that programs and projects target low to moderate-income clients. An activity is considered to benefit low to moderate-income clientele when at least 51 percent of the Anniston residents served meet the low to moderate-income persons in accordance with HUD's income guidelines (See Attachment "A" Income Guidelines). In this portion of the application, identify which National Objective will be met.

Performance Objectives/Outcomes/Priority Needs: Applicant identifies priority needs and selects performance objectives and outcomes that fit the proposed project. This section also includes information provided by the Applicant on its previous experience in implementing similar programs/projects.

Reporting, Monitoring, and Recordkeeping: The City of Anniston requires that funded organizations provide data and information via the submission of reports pertaining to the administration and expenditure of CDBG-funded activities.

Tab F: Sustainability

Non-CDBG Proposed Project Funding: Provide financial information about the Applicant and its access to non-CDBG funding for the proposed project, including source and amount of leveraged funds/matching funds (in-kind donations or service costs).

Proposed Staffing: This section identifies the program staffing for the proposed project, including current employees, new hires, and volunteers to be utilized in any capacity of the project.

Resource Leveraging: Resource Leveraging represents the resources the proposing agency will bring to the project to supplement the funds being requested. Resource leveraging can be in the form of monetary resources or in-kind services. Please include other resources in the Budget Summary in TAB G.

Potential Conflicts of Interest: Complete the questions addressing potential conflicts of interest by the Applicant.

Tab G: Proposed Budget Summary

Proposed Project Budget Summary: Complete the table outlining the projected total expenses for the proposed project, including sources and amounts of leveraging funds.

TAB G- PROPOSED BUDGET SUMMARY

Staff and overhead expenses must be directly related to carrying out the proposed project/activity.

Please include **leveraged funds** (other non-CDBG resources) that are immediately accessible and firmly committed to the project. Leveraged funds can include a blend of cash, loans, or in-kind resources available to finance the project costs. Provide written documentation of such firmly committed leveraged funds (e.g., award or commitment letters from providers of the leveraged funds).

In-kind contributions must have a specific dollar value established in accordance with Generally Accepted Accounting Principles. The basis of determining the value for personal services and donated materials and supplies must be identified. Volunteer services may be counted if the service is an integral and necessary part of the project. To determine in-kind volunteer contributions, use the estimated amount of what a paid worker would earn doing the same type of work (verification documentation may be requested).
